Re: Notice of Ex Parte Presentation In Dockets No. 3-15, 87-268
(REVISED)

Dear Ms. Dortch:

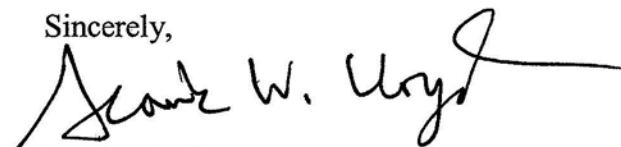

On June 19, 2007, Wick Rowland, President and CEO of Colorado Public Television (CPT), licensee of KBDI-TV and KBDI-DT, Denver-Bloomfield, Colorado, Byron St. Clair, Engineering Consultant to KBDI, Rod Bates, Executive Director of Nebraska Educational Telecommunications (NET), and Stacey Decker, NET's Assistant General Manager for Engineering and Technology, and the undersigned, held a conference call on the subject of the Negotiated Channel Election Agreement (NCA) between CPT and NET with the following members of the Media Bureau:

Andrew Long
Eloise Gore
Gordon Godfrey
Nazifa Sawez

The Media Bureau presented a recent OET interference study that predicted 1.17 percent new interference to NET station KTNE-DT, which will operate post-transition on Channel 13, from the post-transition operation of KBDI-DT on Channel 13. The NET representatives on the call confirmed that as an acceptable level of new interference and reaffirmed NET's support of the NCA.

Please contact the undersigned with any questions.

Sincerely,

Frank W. Lloyd
Counsel for
Colorado Public Television
